

Community Focus

Activity 1 - littering in your community

1. Think about the community that you live in. Do you often see litter around? What places do you tend to see litter? Maybe the local park, your school or your town centre.
2. Make a poster that you could put on show in one of these places to encourage people not to litter. Try to make it as colourful and exciting as you can to attract as much attention as possible!

Activity 2 - ocean pollution

1. Now see if you can create a poster to tell people about ocean pollution. You could include the impact ocean pollution has on sea creatures, how litter gets into the ocean and what we can all do to reduce ocean pollution.
2. You could even use our book Freddie the Jellyfish as a guide - what was the rubbish doing to Freddie's home and what did Annie and her class do to help?
